

RYAN D. VO

San Diego, CA | (858) 245 - 9494 | rdvo@cpp.edu | [linkedin.com/in/ryan-vo-985152333/](https://www.linkedin.com/in/ryan-vo-985152333/)

EDUCATION

California State Polytechnic University, Pomona

B.S. Industrial Engineering | Expected May 2029 | GPA: 3.62/4.00

CERTIFICATIONS

Lean Six Sigma Green Belt (SSGI) | Certified June 2026

TECHNICAL SKILLS

- **IE & Lean:** Lean Six Sigma Green Belt, AutoCAD, DMAIC, Process Mapping, MOST, Line Balancing
- **Data & Analytics:** Excel (Pivot Tables, Advanced Formulas, Pareto), SQL (Joins, Aggregations, PostgreSQL), Python (Pandas, NumPy, Matplotlib, Seaborn)

PROJECTS

GitHub Portfolio: github.com/ryanvo-ie

Industrial Engineering & Automation Projects

Lean Six Sigma Process Improvement | June 2026 - Present

- Applied DMAIC methodology to reduce cycle time by 15%.
- Conducted MOST studies and process mapping to identify and quantify operational waste.
- Analyzed performance data using PostgreSQL and Python to support recommendations.

Automated Facility Layout Optimization | July 2026

- Developed Python script using ezdxf to generate 2D AutoCAD plant layouts.
- Automated spatial plotting for 15+ workstations with dynamic 6ft safety rules.
- Reduced drafting time by 90% and optimized files for material handling flow.

Predictive Defect & Quality Analytics | June 2026

- Developed Python/SQL scripts to analyze 5,000+ quality logs and identify defect patterns.
- Conducted Pareto analysis in Excel to isolate top 2 defects causing 80% of process variation.
- Built automated Python visualizations to track costs and prioritize improvements.

Operational Engineering Labs – Cal Poly Pomona | Spring 2026

- Conducted MOST time studies and motion waste analysis (Therbligs) on assembly simulations to successfully eliminate non-value-added steps.
- Optimized paper plane production lines via bottleneck analysis and designed optimal facility layouts using decision matrices.

EXTRACURRICULAR ACTIVITIES

IISE Chapter – Cal Poly Pomona | Member | September 2025 – Present

- Networked with industry professionals through events and guest speakers.

Varsity Golf – San Diego, CA | Athlete | August 2021 – May 2025

- Balanced 15+ hours/week of athletic commitment with full academic course load.
