

RYAN D. VO

San Diego, CA | (858) 245 - 9494 | rdvo@cpp.edu | [linkedin.com/in/ryan-vo-985152333/](https://www.linkedin.com/in/ryan-vo-985152333/)

EDUCATION

California State Polytechnic University, Pomona

B.S. Industrial Engineering | Expected May 2029

CERTIFICATIONS

Lean Six Sigma Green Belt (SSGI) | Certified June 2026

TECHNICAL SKILLS

- **IE & Lean:** Lean Six Sigma Green Belt, AutoCAD, DMAIC, Process Mapping, MOST, Line Balancing
- **Data & Analytics:** Google Sheets (Pivot Tables, Advanced Formulas, Pareto), SQL (Joins, Aggregations, PostgreSQL), Python (Pandas, NumPy, Matplotlib)
- **Software & Productivity:** MS PowerPoint, MS Word

PROJECTS

GitHub Portfolio: github.com/ryanvo-ie

Lean Six Sigma Process Improvement | Jun 2026 - Present

- Applied DMAIC Framework: Managed a 12-trial time study to standardize a manual process.
- Evaluated Batch-Size Optimization: Conducted an experimental 13th run to isolate bottlenecks.
- Optimized Line Balance: Structured parallel workflows to minimize operator idle time.

Industrial Facility Layout Optimization | Jul 2026

- Designed 2D U-shaped plant layout in AutoCAD to maximize floor space utilization.
- Formatted equipment zones based on workflow sequence to segregate high-traffic areas.
- Mapped process flows to enable lean single-piece routing and prevent bottlenecks.

Predictive Defect & Quality Analytics | Jun 2026

- Developed Python/SQL scripts to analyze 5,000+ quality logs and identify defect patterns.
- Conducted Pareto analysis in Google Sheets to isolate top 2 defects causing 80% of process variation.
- Built automated Python visualizations to track costs and prioritize improvements.

Operational Engineering Labs – Cal Poly Pomona | Spring 2026

- Conducted MOST time studies and motion waste analysis (Therbligs) on assembly simulations to successfully eliminate non-value-added steps.
- Optimized paper plane production lines via bottleneck analysis and designed optimal facility layouts using decision matrices.

EXTRACURRICULAR ACTIVITIES

IISE Chapter – Cal Poly Pomona | Member | Sep 2025 - Present

- Networked with industry professionals through events and guest speakers.

Varsity Golf – San Diego, CA | Athlete | Aug 2021 - May 2025

- Balanced 15+ hours/week of athletic commitment with full academic course load.
